Figure 2.1, Indiana-Area 13[§]

Percentage of people age 60+ who want to remain in their current residence and are confident they will be able to afford to do so

We asked respondents whether they agree or disagree with the following statement: *“What I’d really like to do is stay in my current residence for as long as possible.”*

For people who answered “agree” we calculated the percentage of adults age 60+ who were very confident/not very confident that they will be able to afford to live in their current residence for as long as they would like.

Note: Percentages may not add up to 100% due to rounding and/or missing information.

*Agree includes those who said Strongly agree or Somewhat agree.

**Not Very Confident includes those who said Somewhat confident, Not too confident, Not confident at all, Don’t know, or Refused.

‡ This percentage is based on fewer than 20 respondents (Unweighted N<20) and should be interpreted with caution.
