ADDRESSES BASIC NEEDS

Affordable housing is available to community residents
- Figs. 2.1-2.3. Percentage of people age 60+ who want to remain in their current residence and are confident they will be able to afford to do so

Housing is modified to accommodate mobility and safety
- Figs. 3.1-3.4. Percentage of householders age 60+ in housing units with home modification needs

The neighborhood is livable and safe
- Figs. 4.1-4.3. Percentage of people age 60+ who feel safe/unsafe in their neighborhood
- Figs. 5.1-5.9. Percentage of people age 60+ who report few/multiple problems in the neighborhood
- Figs. 6.1-6.3. Percentage of people age 60+ who are satisfied with the neighborhood as a place to live
People have enough to eat
- Fig. 7.1. Percentage of people age 60+ who report cutting the size of or skipping meals due to lack of money

Assistance services are available and residents know how to access them
- Figs. 8.1-8.3. Percentage of people age 60+ who do not know whom to call if they need information about services in their community
- Figs. 9.1-9.3. Percentage of people age 60+ who are aware/unaware of selected services in their community
- Figs. 10.1-10.5. Percentage of people age 60+ with adequate assistance in ADL and/or IADL activities

Percentage of people age 60+ who want to remain in their current residence and are confident they will be able to afford to do so

Disagree 3%‡

Not Very Confident 45%

Very Confident 55%

Unweighted N=300
Weighted N=21,059

Unweighted N=287
Weighted N=20,256

We asked respondents whether they agree or disagree with the following statement: "*What I'd really like to do is stay in my current residence for as long as possible.*"

For people who answered *"agree"* we calculated the percentage of adults age 60+ who were very confident/not very confident that they will be able to afford to live in their current residence for as long as they would like.

Note: Percentages may not add up to 100% due to rounding and/or missing information.
*Agree includes those who said Strongly agree or Somewhat agree.
**Not Very Confident includes those who said Somewhat confident, Not too confident, Not confident at all, Don't know, or Refused.
‡ This percentage is based on fewer than 20 respondents (Unweighted N<20) and should be interpreted with caution.
§ Area 15 includes Crawford, Lawrence, Orange, and Washington Counties.

Percentage of people age 60+ who participate in regular leisure time activity,* by demographics (cont'd)

■ **No activity** □ **Some activity** □ **Regular leisure time activity**

	No activity	Some activity	Regular leisure time activity
Total	30%	25%	45%
Education >HS	21%	19% ‡	60%
Education ≤HS	34%	28%	38%
Ex/vg/good health	26%	27%	46%
Fair/poor health	45%	17% ‡	38%
Live w/others	27%	28%	45%
Live alone	34%	21% ‡	44%

Note: Percentages may not add up to 100% due to rounding and/or missing information.

*"Regular leisure time activity" is defined as 1) light or moderate activity that causes light sweating or a light to moderate increase in breathing or heart rate and occurs five or more times per week for at least 30 minutes each time, and/or 2) vigorous activity that causes heavy sweating or large increases in breathing or heart rate and occurs three or more times per week for at least 20 minutes each time. People who engage in other combinations of the two types of physical activities described above are included in the category "some activity." Those who are unable to or do not engage in physical activity are included in the category "no activity."

Improving Communities for an Aging Society

PROMOTES SOCIAL AND CIVIC ENGAGEMENT
Residents maintain connections with friends and neighbors
- Figs. 27.1-27.3. Percentage of people age 60+ who socialized with friends or neighbors in the past week

Civic, cultural, religious, and recreational activities include older residents
- Figs. 28.1-28.3. Percentage of people age 60+ who attended church, temple, or other in the past week
- Figs. 29.1-29.3. Percentage of people age 60+ who attended movies, sports events, clubs, or group events in the past week
- Figs. 30.1-30.3. Percentage of people age 60+ who engaged in at least one social, religious, or cultural activity in the past week

Opportunities for volunteer work are readily available
- Figs. 31.1-31.4. Percentage of people age 60+ who participate in volunteer work

**Community residents help and trust each other**
- Figs. 32.1-32.4. Percentage of people age 60+ who live in "helping communities"

Appropriate work is available to those who want it
- Figs. 33.1-33.3. Percentage of people age 60+ who would like to be working for pay
